

EHS Compliance Lead

Location Shepshed

Let your expertise shine!

EHS Compliance Lead is all about driving safety, environmental excellence, and operational efficiency. From risk assessment to ISO14001 and ISO45001 recertification, it's a role where proactive planning, audits, and global collaboration shape a culture of improvement. Ready to define the future?

We are seeking a passionate EHS Compliance Lead to elevate our team. "Our new colleague will take the lead in safety, environmental stewardship, and process optimisation." Ready for a rewarding challenge?

What will you do?

As a EHS Compliance Lead, you'll spearhead a preventive approach to environmental, health, and safety. Your responsibilities include risk assessment, safety audits, data reporting, and driving ISO14001 and ISO45001 recertification. Proactively plan and deliver health and safety training, conduct internal audits, and champion best practices. Investigate incidents, contribute to emergency response, and collaborate with our sister company BOAL Extrusion in The Netherlands.

What to expect?

Expect a dynamic role where your expertise will shine. Work closely with operational teams, influence positive change, and utilise data analysis to enhance processes.

Meaning you will be:

- Adopting a prevention approach towards environmental, health and safety, ensuring targets and goals are achieved. Including creating corrective and preventative action plans.

- Assessing risk and possible safety hazards of all aspects of operations which includes the manufacturing facility.
- Reporting, measuring, and communicating health and safety data.
- Ensuring health and safety training (statutory and upskilling) takes place and is planned proactively. Some delivery will be required.
- Ownership of the Environmental systems and the re-certification process of ISO14001 and ISO45001
- Ensuring equipment maintenance schedule is adhered to from a health and safety perspective together with ordering repairs for unsafe and/or damaged equipment.
- Carrying out internal audits of safety procedures
- Recommending and implementing new health and safety best practices.
- Investigating causes of accidents as a tool to prevent future issues.
- Support the business in emergency incident
- Some travel to Holland will be required

On your CV?

- Demonstrable experience in an environmental, health and safety role, with sound knowledge of best practices

- NEBOSH General Certificate
- Risk assessment and RAMS
- Working knowledge of COSHH, Manual handling, working at height and DSE
- A flexible team player with a positive can-do attitude and good organisational skills who can work on own initiative and deliver results.
- A capable use of Microsoft Office including Excel, Power Point & Word

Who are we?

With extrusion plants in The United Kingdom and The Netherlands, BOAL Extrusion specialises in designing, extruding and finishing aluminium profiles for a wide variety of sectors including building systems, profiles for high-quality partition walls, for façade systems, for ladder and access product manufacturing and fastening systems for solar panels.

Over five decades' worth of experience allow us to serve clients all over the world. Thanks to our in-depth knowledge of the industry's value chain, our clients enjoy delivery reliability and flexible timelines.

Minimising energy consumption and re-using natural resources are essential aspects of the ESG ambitions of our organisation and its clients. Scrap aluminium collected from BOAL Group's subsidiaries is recycled and re-used, thus minimising our carbon dioxide emissions and energy consumption.

What do we have to offer?

Working for BOAL Extrusion means working for a financially healthy company with an eye for people, short (communication) lines and a good name and position in the market (United Kingdom, The Netherlands, Belgium, Germany & France).

You will work in a dynamic, changing environment with enthusiastic professionals. Both our sector and our organisation have experienced strong growth and development in recent years and will continue to do so, leaving room for your own personal and professional development. We are happy to support this development.

We offer £35,000 dependant on experience, a Health Care Cash Plan or Bupa, free parking, contributory pension scheme, life assurance, retail discounts, 25 days holiday plus bank holidays, team events and of course engagement activities.

Equal opportunities for everyone!

We cherish the fact that we have a diverse team of people who complement each other with their knowledge, background and skills. When it comes to getting a job, we therefore believe everyone deserves equal opportunities. That's why we only look at a person's skills, abilities and talents. We feel that's what it's all about.

Would you like to come and work with us?
